

**Texas Municipal  
Retirement System**

**Schedule of Changes in  
Fiduciary Net Position**  
(by Participating Municipality)

**For the Year Ended December 31, 2014**

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 (GASB 68), employers (TMRS participating municipalities) are required to recognize their specific pension amounts, which include net pension liability (NPL), deferred outflows and inflows of resources, and pension expense. The total pension liability (actuarially determined pension benefits) less the value of the assets available in the plan to pay the pension benefits (fiduciary net position, or FNP) results in the NPL. This NPL will appear on the face of the employer's financial statements.

In May 2014, the American Institute of Certified Public Accountants (AICPA) State and Local Government Expert Panel (SLGEP) issued a whitepaper (hereinafter referred to as "whitepaper"), which describes accounting and auditing issues faced by governmental employers that participate in agent multiple-employer defined benefit pension plans (agent plans), as well as best practice solutions to address those issues. A recommendation noted in the whitepaper suggests that the plan (TMRS) prepare a Schedule of Changes in Fiduciary Net Position, by employer, and that the plan engage its auditor to opine on the schedule as a whole (not on each individual employer), combined with a SOC 1 Type 2 audit on the controls over the calculation and allocation of additions and deductions to the employer accounts. The SOC 1 Type 2 Audit Report can be found on the TMRS City Portal.

The attached **Schedule of Changes in Fiduciary Net Position** provides the information as suggested in the whitepaper. In addition to the additions and deductions made to each city's Benefit Accumulation Fund, TMRS is also required to allocate the remaining assets held in trust to each participating municipality. The FNP or "assets" allocated to each city are used against its total pension liability, to determine the city's net pension liability.

## Independent Auditors' Report

The Board of Trustees  
Texas Municipal Retirement System

We have audited the fiduciary net position as of December 31, 2014, and the changes in fiduciary net position for the year then ended, included in the accompanying Schedule of Changes in Fiduciary Net Position by Employer (Schedule) of the Texas Municipal Retirement System (TMRS), and the related notes.

### Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of the Schedule in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on the fiduciary net position and the changes in fiduciary net position included in the Schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the fiduciary net position and the changes in fiduciary net position included in the Schedule are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the fiduciary net position and the changes in fiduciary net position included in the Schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the fiduciary net position and the changes in fiduciary net position included in the Schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the fiduciary net position and the changes in fiduciary net position included in the Schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the Schedule referred to above presents fairly, in all material respects, the fiduciary net position of Texas Municipal Retirement System as of December 31, 2014, and the changes in fiduciary net position for the year then ended, in accordance with U.S. generally accepted accounting principles.

### **Other Matters**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of TMRS as of and for the year ended December 31, 2014, and our report thereon, dated June 10, 2015, expressed an unmodified opinion on those financial statements.

Our audit of the financial statements of TMRS was conducted for the purpose of forming an opinion on the financial statements as a whole. The individual employer information presented in each of the individual columns of the accompanying Schedule is presented for purposes of additional analysis and is not a required part of the financial statements. The individual employer information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Each column of individual employer information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual employer information presented in each individual column of the accompanying Schedule is stated fairly, in all material respects, in relation to the financial statements of TMRS as a whole. We do not express an opinion on the fiduciary net position or changes in fiduciary net position of each individual employer.

### **Restriction on Use**

Our report is intended solely for the information and use of the Board of Trustees and management, TMRS' participating employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

# Notes to Schedule of Changes in Fiduciary Net Position

For the Year Ended December 31, 2014

## Background and Reporting Entity

The Texas Municipal Retirement System (TMRS, or the System) is an agency created by the State of Texas and administered in accordance with the Texas Municipal Retirement System Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) that administers the Pension Trust Fund, which is an agent multiple-employer defined benefit pension plan that provides retirement and disability benefits for municipal employees in the State of Texas. TMRS issues a publicly available Comprehensive Annual Financial Report (CAFR), which includes financial statements, notes and required supplementary information, which can be obtained at [www.tmr.com](http://www.tmr.com). Questions and requests for additional information should be addressed to the Finance Department of the Texas Municipal Retirement System, P.O. Box 149153, Austin, Texas 78714-9153 or emailed to [pensionaccounting@tmr.com](mailto:pensionaccounting@tmr.com).

## Pension Trust Fund Description

**Benefits** – Upon retirement, benefits depend on the sum of the employee's contributions, with interest, and the city-financed monetary credits, with interest. City-financed monetary credits are composed of three sources: prior service credits, current service credits, and updated service credits. At retirement, the benefit is calculated as if the sum of the employee's contributions with interest and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options: retiree life only; one of three survivor lifetime options; or one of three guaranteed term options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution. A member city may elect to increase the annuities of its retirees, either annually or on an annually repeating basis, effective January 1 of a calendar year.

**Contributions** – The contribution rates for employees are either 5%, 6%, or 7% of employee gross earnings and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of each city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. Contributions are made monthly by both the employees and the member cities. Since each member city must know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the contribution rate and the calendar year when the rate goes into effect.

## Basis of Presentation and Accounting

The Schedule of Changes in Fiduciary Net Position (by employer) (the Schedule) has been prepared on the accrual basis of accounting based on the provisions of Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans – An Amendment of GASB Statement No. 25* (GASB Statement No. 67). A separate row has been included for each participating employer's separate account.

**Contributions** – The employer contributions and plan member contributions for each employer are recognized in the period that the employer reports compensation of the employee, which is when the contributions are legally due.

**Investment income (allocation)** – Net investment income credited to each employer is shown separately in the attached Schedule and represents the interest credit to the employer's Benefit Accumulation Fund (BAF) as authorized by the Board of Trustees. The other net investment income is allocated to each employer based on the employer's beginning balance of Fiduciary Net Position.

**Benefit Payments** – Participant benefits are recorded when payable in accordance with the System's plan terms. Refunds are recorded and paid upon receipt of an approved application for refund.

For the Year Ended December 31, 2014

Continued

**Administrative expenses and other (allocation)** – The administrative expense and other amounts are allocated to each employer based on the employer's beginning balance of Fiduciary Net Position.

**Fiduciary net position** – This represents the total assets less liabilities measured in accordance with GASB Statement No. 67. The individual elements of the Pension Trust Fund as a whole are included in the Statement of Fiduciary Net Position in TMRS' separately issued CAFR.

**Use of estimates** – Management of TMRS has made some estimates and assumptions relating to the reporting in the Schedule in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.
